To secure a plot, gardeners need to attend the monthly meeting to pay fees and, to show good intentions, should begin some work in their plot during the first month.

Time commitment: I/we agree to contribute two (2) hours of community volunteer time per month/per membership for the maintenance and development of the common areas.

Guidelines: I/We have read this Agreement and the Garden Rules and agree to abide by them. I/We agree to follow any safety guidelines. I/We understand that disregard of the terms of this Agreement and the Garden Rules is grounds for loss of gardening privileges at CCCG and forfeiture of plot rental fees. I/We agree not to distribute any gate or lock codes or keys to any non-members.

Cherry Creek Community Garden is not responsible for personal injury or property damage incurred by any plot renter or visitor, or for theft, loss, or destruction of any property owned by any gardener.
